## Boardroom Challenges: Connecting Theory to Action

**NRECA Course 959.1**

**1-1/2 WECA Skill Builder Credits**

Governance challenges come in all shapes and sizes. This course provides directors with the opportunity to connect the theory of good governance to the action of practical problem solving. Directors will have the opportunity to address contemporary boardroom challenges by applying the skills learned in previous courses to electric co-op focused case studies requiring problem definition, negotiation techniques, and consensus building.

While it is not required that directors complete 951.1 Developing Effective Boardroom Decision-Making and 952.1 Increasing Influence and Building Board Consensus before enrolling in this course, the skills learned in these courses will be helpful in completing 959.1 Boardroom Challenges: Connecting Theory to Action.

### Key topics:

- Detect and define governance issues that emerge in electric cooperative boardrooms.
- Apply the theory of good governance with the action of practical decision-making.

**NOTE:** There is a hard limit of no more than 35 attendees for the October 17 & 18 BLC programs. A waitlist will be created once we hit our limit. Registration and waitlist are on a first-come basis.

## Thank you to our program sponsors!
